Full Stack Web Development, Masai School
09/2023 – present | Bengluru, India

PROJECTS

Bellavita Perfumes and Cosmetics 🔗
12/2023 – 01/2024

The Bellavita Perfumes project is a responsive e-commerce website showcasing a collection of premium fragrances. It features an elegant and user-friendly interface with product categorization, search functionality, and detailed product descriptions. The website includes secure payment gateways and a user account system for order tracking and personalized recommendations. Bellavita Perfumes also incorporates responsive design principles for seamless browsing on various devices. It emphasizes a visually appealing presentation of products with high-quality images and enticing promotions to enhance the shopping experience.

Sugar-Cosmetics 🔗
03/2024 – 04/2024

The Sugar Cosmetics project is a sophisticated and responsive e-commerce website designed to showcase an extensive collection of beauty and makeup products. It features a sleek and user-friendly interface with organized product categorization, powerful search functionality, and comprehensive product descriptions. The website incorporates secure payment gateways and a user account system for order tracking and personalized beauty recommendations. Sugar Cosmetics adheres to responsive design principles, ensuring an optimal browsing experience across a range of devices. The platform highlights a visually appealing presentation of products with high-quality images and attractive promotions to enhance the overall shopping experience.

Reliance-Digital 🔗
05/2024 – 06/2024

The Reliance Digital project is a dynamic and responsive e-commerce platform dedicated to showcasing a diverse range of electronics and appliances. It features an intuitive and user-friendly interface with comprehensive product categorization, advanced search functionality, and detailed product descriptions. The website integrates secure payment gateways and a robust user account system for order tracking and personalized recommendations. Reliance Digital employs responsive design principles to ensure a seamless browsing experience across various devices. The platform emphasizes a visually engaging presentation of products with high-resolution images and enticing promotions to enhance the shopping experience.
